Dear Sir/Madam

APPLICATION FOR THE POSITION OF A CLOUD DEVOPS ENGINEER

I hope that you are doing great. It is my pleasure to write to you concerning the position of Cloud Devops Engineer. I am a student at the New England College pursuing a Master's Degree in Computer and Information Systems. I have a lot of knowledge and skills in Computer Science, and I know that I am a good fit for the job.

I have covered a lot of subjects related to Computer Science during my stay at the New England College. Some of these subjects are Software Engineering, Cloud Computing, and Database Systems. I believe that the knowledge I have gained from my studies is what is needed for one to succeed as a software engineer. Also, I qualify for the position because I have more than two years of experience in software engineering. Other skills I possess that will enable me to be effective in my activities include team playing, innovation, communication, and problem-solving. Most importantly, I am flexible in a way that I can stay and work anywhere.

One of the factors that attracted me to the company is that it is one of the most decorated companies in the United States. Working in your company will enable me to create the career of my dream. I will bring in my knowledge and expertise and use them to ensure that the company achieves its goals.

Thank you for your consideration and time. I am looking forward to hearing from you and, most importantly, meeting you in person.

Yours Sincerely,

Akmal Khan
